From the Booster Club

November 2, 2009

Dear Friends:

The Marlboro Academy Booster Club is beginning the 2009-2010 annual fundraising drive for athletics. Contributions will help to complete the addition of the new onsite softball field and will be used for athletic facility improvements, including the baseball and soccer fields. We will proudly display your information on sponsorship signs at one of our athletic facilities listed below, and sponsorships may be renewed annually.

We are also offering “naming” opportunities for our softball field in an effort to complete its construction this year. Below you will find the levels at which these opportunities are possible.

Please complete and return this form to the attention of Stacey Newton. You will receive a receipt for your sponsorship after it is processed.

Thank you in advance for your support of our athletic program.

Sincerely,

Sharon Sanders
President, Booster Club
