The Marlboro Academy Booster Club is a non-profit, parent-run organization whose purpose is to encourage enthusiastic interest in Marlboro Academy athletics and generate support for all our student athletes by raising funds to supplement our programs. The booster club usually meets each month during the school year. The booster club is responsible for the annual Halloween carnival, the spring athletic banquet, as well as other events throughout the year. This committee also organizes and maintains concession stands at games. We depend on families of athletes to assist in these efforts and parental involvement is encouraged and greatly appreciated. Membership forms are available at the school and on the website.
