

Marlboro Academy Tuition Information

Over the past several years, Marlboro Academy has made significant improvements to our school, including safety, academics, technology, facilities, and our athletic programs. We are proud of these accomplishments and will continue to build on the momentum we have in place. As always, our focus remains on providing your child with the best possible education in a safe environment conducive to learning.

As with every year, the Board takes an in-depth look at our financials and makes decisions based on our findings. We are committed to maintaining and upgrading our technology to offer our students the best possible experience. Therefore, the \$200 technology fee will remain in place.
