

Marlboro Academy
Preschool Supply List
2026 - 2027

- Glue Sticks
- Baby Wipes
- Clorox wipes
- Uncoated paper plates
- Craft Paint (bottles)
- Ranch
- Ketchup

In our classroom, we use a community supply model, which means that many of the items students bring in are shared by the whole class. This helps us stay organized, promotes sharing, and ensures all students have what they need every day.

A few important notes:

- Please do not label individual supplies with your child's name.
- Pencil boxes or pouches are not needed- we have systems in place to keep everything tidy and accessible for all students.
- If there are any items that should remain personal (like backpack, water bottle, or change of clothes), feel free to label those.

We will provide a home/school communication folder
